

6 Facts About NFIP Adjusters

01

EXPERIENCE REQUIREMENT

To be an NFIP adjuster, you need experience of at least 4 years handling property loss claims.

02

REGISTRATION CATEGORIES

There are different categories of NFIP adjuster registration, allowing you to specialize in handling claims for specific property types.

03

KNOWLEDGE OF NFIP RULES

An NFIP adjuster needs to be familiar with the National Flood Insurance Program (NFIP) and its regulations.

04

TRAINING

While some training can be done online, NFIP adjusters must attend an official workshop to demonstrate their understanding of the program

05

CONTINUING EDUCATION

Adjusters likely need to complete continuing education to maintain their NFIP adjuster status. The specific requirements may vary by state.

06

FEMA CERTIFICATION

An NFIP adjuster requires certification from the Federal Emergency Management Agency (FEMA)
