

GEORGIA ASSOCIATION OF FLOODPLAIN MANAGEMENT

Founded in 2005, GAFM promotes effective floodplain management.

OVERVIEW

Advocates for policies and practices protecting human life and health from flood-related risks.

Fosters regional support across Georgia and collaborates with the Association of State Floodplain Managers (ASFPM) to reduce flood losses.

Offers networking opportunities, annual conferences, educational resources, and Continuing Education Credits (CECs).

- Provides a mentorship program and technical training.

PROGRAMS AND POLICIES

Certification Programs
Offers a Certified Floodplain Manager (CFM) program to acquire knowledge of floodplain regulations, mapping, and mitigation strategies.

Promotes sound floodplain management policies and flood damage prevention.

Works with ASFPM to educate citizens and officials on flooding and flood hazard reduction.

ENGAGEMENT

Participates in events like National Hurricane Preparedness Week and offers training courses on flood-related subjects.

FUTURE

Addresses emerging threats like climate change and urbanization, aiming to explore technological innovations and strategies to enhance floodplain management.
